In the Matter of ) MM Docket No. 08-  
 Amendment of Section 73.202(b) ) RM-  
 FM Broadcast Stations )  
 (Laramie, Wyoming) )

FILED/ACCEPTED

FEB - 5 2008

Federal Communications Commission  
Office of the Secretary

To: Marlene H. Dortch, Secretary  
 Federal Communications Commission

**PETITION FOR RULE MAKING**

Superior Broadcasting of Denver, LLC ("Superior"), pursuant to Section 1.401(a) and 1.420 of the Commission's Rules, by its attorneys, respectfully requests that Section of 73.202(b) of the Commission's Rules, the FM Table of Allotments, be amended as follows:

<u>Community</u>	<u>Existing</u>	<u>Proposed</u>
Laramie, WY	203A, 205A, 207A, 211A, 220C, 230A, 236C, 244C2, 254C2, 275C1	203A, 205A, 207A, 211A, 220C, 230A, 236C, 244C2, 254C2, 275C1, 283C2

The proposed reference coordinates of Channel 283C2 at Laramie, Wyoming are

41°27'15" North Latitude and 105°29'20" West Longitude.

In support there of, the following is shown:

The City of Laramie, Wyoming is deserving of the additional allotment of Channel 283C2 as its 13th aural local transmission service. Laramie, which is the county seat of Albany County, has a population of 27,204 persons (Source: 2000 U.S. Census). The City of Laramie was founded in the mid-1860s. Laramie is governed by a council-manager form of government. The Council, consisting of nine members, is responsible for setting policy, approving budgets, passing ordinances, and overseeing city staff.

No. of Copies rec'd 044  
 List ABCDE  
MB 08-5

Additionally, the Council elects a mayor and a vice mayor every two years. Laramie maintains its own police department and fire department.<sup>1</sup> The City of Laramie maintains a utility division, which handles drinking and wastewater treatment, and a solid waste division, which operates the landfill. Laramie is home to the Albany County School District #1 and the central branch location of the Albany County Libraries. Laramie has six zip codes and three post office locations.<sup>2</sup> The University of Wyoming, which opened in September 1887, is located in Laramie and has an enrollment of approximately 13,000 students.<sup>3</sup> Laramie has all of the elements of a “community” for FCC allotment purposes. See Attachment 1.

On this date, the Commission granted the application of Laramie Mountain Broadcasting, LLC, the licensee of FM broadcast station KRQU (FIN: 9791), Laramie, Wyoming, to downgrade its facilities from channel 283C2 to Channel 230A without any change in the station’s community of license. See FCC File No. BMPH-2007101ACG, granted February 5, 2008. Accordingly, a grant of this petition will serve to restore Channel 283C2 to Laramie, an important community that justifies an additional allotment. For that reason, the public interest will be served by a grant of this petition.

In Attachment 2, there is a channel study demonstrating that a fully spaced allotment of Channel 283C2 may be made at Laramie, Wyoming in accord with the required spacings in Section 73.207(b) of the Commission’s rules. Also, a circle with a radius of approximately 33 kilometers (the nominal predicted coverage contour of a Class

C2 FM station), is drawn around the proposed reference coordinates for Channel 283C2 at Laramie, Wyoming, showing that the community boundaries are well within the predicted coverage of a Class C2 FM station operating from the proposed reference coordinates.

Provided that Channel 283C2 is allotted to Laramie, Wyoming, Superior will pursue its concurrently filed FCC Form 301 application for Channel 283C2 at Laramie, Wyoming and if awarded the construction permit, will promptly initiate service at the requested facility. Consistent with the Commission's new allotment procedures in *Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services*, Report and Order, 21 FCC Rcd 14212 (2006), Superior is filing this date an FCC Form 301 new station application for Channel 283C2 at Laramie, Wyoming, and is submitting the required FCC filing fee.

Accordingly, Superior respectfully requests that the Commission institute a notice and comment rule making proceeding proposing the allotment of Channel 283C2 at Laramie, Wyoming.

Respectfully submitted,

Meets as needed.

### **Board of Health**

Sets rules and regulations governing their own affairs, as well as the duties of the City of Laramie Health Officer. Sets rules and regulations concerning the control of communicable diseases. One member must be a medical doctor and one must be a dental surgeon.

Meets quarterly.

### **Civil Service Commission**

Certifies all promotion and hiring lists in the Police and Fire Departments. Responsible for classifying positions within Police and Fire Departments. Monitors dismissal from City service and hears grievance appeals from City employees.

Meetings held as needed.

### **Downtown Development Authority Board**

Promotes health, safety, prosperity, security and general welfare of inhabitants of central business district. Prevents/halts deterioration of property values and/or structures within Laramie central business district. Prevents/halts growth of blighted areas in central business district. Assists in development and redevelopment of central business district. Assists in overall planning to restore and/or provide for continuance of health of Laramie's central business district.

Meets at 7:00 p.m. on second Monday of every month.

### **Environmental Advisory Committee**

Hears from public on issues regarding environmental problems and notifies City and County of those problems. Suggests methods of investigation of pertinent laws and environmental policy alternatives to Council members and County Commissioners.

Meets at 6:00 p.m. on the first Thursday of every month.

#### **Laramie Advisory Commission on Disabilities**

Reviews disabled accessibility in city, county and joint powers facilities. Promotes public awareness on disabled accessibility and employment issues. Serves as grievance board for issues concerning city structures and program administration as required by Americans with Disabilities Act. Works with coordinator to develop transition plan to remedy problems identified through grievance procedure and/or self-evaluation plan.

Meets the first Thursday of every month at 5:00 p.m.

Minutes for January 10, 2008 meeting.

#### **Laramie Plains Civic Center Joint Powers Board**

Meets the second Tuesday of each month at 6:00 p.m.

#### **Laramie Regional Airport Board**

Directs and controls management and operation of Laramie Regional Airport.

Meets at 7:30 a.m. on second or third Thursday of every month.

#### **Parks, Tree & Recreation Advisory Board**

Studies, develops and updates comprehensive written plan for current and future park and open space development. Advises Council on matters relating to acquisition of facilities for promotion and development of parks and open space within City. Advises Council on rules and regulations concerning use of parks, open space and related facilities. Advises recreation manager on matters relating to planning, development and expansion of recreational areas. Makes recommendations to recreation manager regarding programs and activities.

Meets at 7:00 p.m. on second Wednesday of every month.

#### **Planning Commission**

Advises Council on urban planning and land use.

Meets at 4:00 p.m. on the second and fourth Wednesday of every month. Both meetings are scheduled to be action sessions and meets in Council Chambers.

#### **Traffic Commission**

Advises Council on matters relating to traffic control and street accidents. Prepares rules and regulations affecting traffic on city streets for Council consideration.

Meets at 7:00 a.m. on second Thursday of every month.

**Urban System Advisory Committee**

This committee is comprised of representatives from the City of Laramie, Albany County, the University of Wyoming and the Wyoming Department of Transportation. They make recommendations regarding cooperative planning procedures for travel analysis and project selection for the Urban System Program as administered by WYDOT, and address the planning and extension of roadways through the Major Street and Highway plan inside and outside the City corporate boundaries.

Meets as needed.

**Zoning Board of Adjustment**

Grants variances to zoning ordinance requirements. Adjusts/modifies orders issued by City Engineer. Hears grievances from citizens on matters relating to actions of city officials.

Meets on third Tuesday of month, as needed.

The City of Laramie operates under the Council/Manager form of government. City Council consists of nine members who serve overlapping four-year terms. There are now two at-large Council seats and seven seats to be elected from wards; one from each ward. Formerly, all nine Council seats were at-large positions, but the ward system went into place starting in the 2002 election. As the members come up for reelection, the ward positions will be filled. The mayor and the vice-mayor are selected by the Council every two years at the first Council meeting in January.

Welcome to the City of Laramie Police Department website. I hope that you will find it informative. I strongly believe that your police department belongs to the community and should be as open and accessible as possible, to its citizens. As we progress, we will make every effort to update this website with information that is of value and interest to each of you.

The men and women of the Laramie Police Department are dedicated to ensure that Laramie is a safe and enjoyable place to live and work. We are committed to do our part. At the same time, we will develop a wide variety of working partnerships throughout the community so that all citizens have an opportunity to participate in doing their part in meeting our goal of making Laramie a model community. We will solve problems together.

I am proud to lead a staff of professionals that bring the skill, ability and knowledge to deliver excellent public safety services. Each of them works hard to meet your needs with courage and compassion. We all share the core values of honesty, integrity and concern for others.

Please feel free to call me with your questions or concerns. I will do my best to assist you.

Sincerely,

Robert A. Deutsch  
Chief of Police

### **Police Department Profile**

The Laramie Police Department is a full-service police organization including uniformed patrol operations; criminal investigations; drug enforcement; crime prevention; High Risk Youth, DARE, animal control; and parking enforcement; records/public reception and emergency communications (LARC), public information, recruitment, training, and; county-wide police, fire, and medical 9-1-1 emergency communications; and support services to the Laramie and Albany County communities. The Police Department operates under a community policing philosophy that engages both the community and staff in strategic problem solving to reduce crime, disorder, public nuisance and traffic safety problems.

The Police Department values diversity and strives to recruit and retain a diverse and well-educated work force which includes women/minority and bilingual officers. To accomplish its mission, the Police Department also maintains an extensive network of internal and external partnerships that leverage community and public resources.

The Police Department is comprised of two divisions including Operations and LARC. The Office of the Chief includes overall administrative support and the Professional Standards Unit. Additionally, the Police Department plans to partner with the community to secure neighborhood offices to meet citizens and conduct investigations in the different patrol districts.

## Message from the Chief:

The study of Laramie Fire Dept. operations, staffing, response times and training has been completed and a final report issued by the consultants. The report is meticulously thorough and well presented, worth the read.

To summarize, the study was commissioned because the Laramie Fire Dept. no longer meets service level criteria established more than 25 years ago. In addition LFD does not meet some of the newer national criteria for Fire Dept. response, especially in the areas of response times and staffing.

The report confirms LFD's conclusions that service level criteria are no longer being met and that deterioration can be expected to become worse. The reason for these failures are identified as increases in traffic congestion, bottlenecks, increased population, aging of the population, increases in physical plant, students and staff at UW, increases in service requests and nearly 60% increase in the size of the City.
